

# CoverMyMeds®: Streamlining the prior authorization (PA) process

CoverMyMeds electronically connects providers, pharmacists, and health plans<sup>1,2</sup>

- Offers a streamlined process for submitting electronic PA requests
- Live chat and phone support available
- The ability to attach documentation if required

**96%** of payers are committed to an ePA solution<sup>3</sup>

## Performance data for CoverMyMeds:<sup>4,\*</sup>

**69%** approval rate  
for all ePAs submitted

**92%** of Repatha®  
known ePAs receive a response  
in less than 48 hours

## Starting a PA request through CoverMyMeds

### Selecting the medication

- When prescribing Repatha®, a drop-down list will appear to select the administration method
- Please note Repatha® SureClick® is the first option on the drop-down
- Be sure to review the administration choice before submitting the PA request

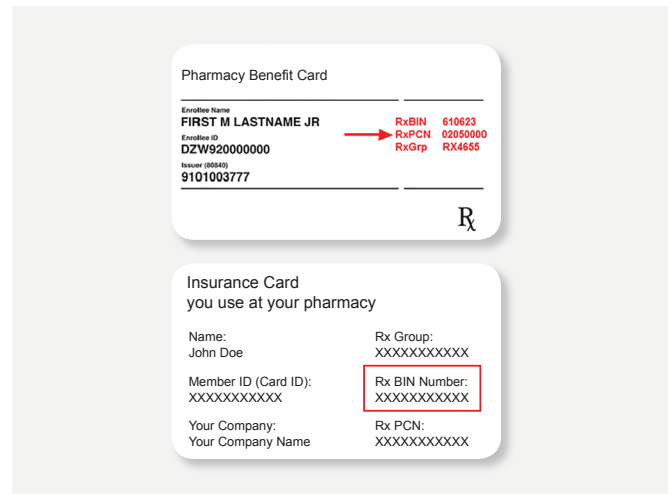

A screenshot of the CoverMyMeds website's 'Find Your Medication' search interface. The search bar contains 'Repatha' and a dropdown menu is open, showing three options: 'Repatha SureClick 140MG/ML auto-injectors', 'Repatha 140MG/ML syringes', and 'Repatha Pushtronex System 420MG/3.5ML on-body infusor'. The first option is highlighted. The interface includes a search icon, a 'Log Out' link, and a footer with a disclaimer and a 'Click to Chat with CoverMyMeds' button.

\*Based on CoverMyMeds data from November 2019 ePA trends.

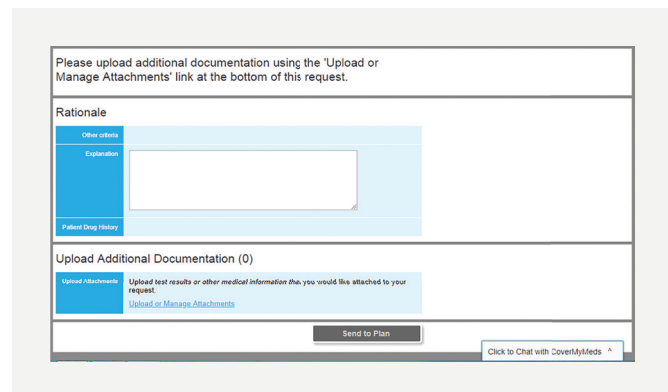

## Selecting the correct PA form

- Choose the Patient Insurance State in the drop-down list. Then type in Plan or PBM Name
- If multiple forms appear, select the correct form or use the More Information link. Additional forms may also be available by opening the Show More Forms tab\*
- **For best results, select the drug insurance ID card and enter the insurance BIN number**
  - Sometimes located on front or back of the patient's insurance card
  - Patients may have a separate pharmacy benefit card
  - Call the patient's pharmacy where they normally pick up their prescriptions for this information

## Attaching documentation

- CoverMyMeds only allows one document to be attached to the form
- If a plan requires additional documentation, all supporting documents **MUST** be combined into a single document no larger than 5 MB
- Alternately, additional documentation may be faxed to CoverMyMeds
  - Save the PA, then use the chat feature to notify CoverMyMeds that additional documentation will be faxed
  - Provide Key for PA and number of pages to be faxed
  - Write Key and number of pages on the top of the first page (cover sheet is not required) and fax to 888-965-1415
  - Verify documents are attached by refreshing browser and clicking print/download on the left side of the screen to see all documents
  - Click Send to Plan button
  - CoverMyMeds typically responds within the chat feature within 1 hour

## Send Repatha® prescription to the pharmacy

- You can select any pharmacy that best fits your practice preferences and your Repatha® patient needs; however, some payers may mandate a specific pharmacy for Repatha®
